AUTOMOTIVE REFINISHING

# NEW! . . . The "Gunner Cup"

## FLOW

- The vented system and large filter design allow for better fluid flow and color match.
- Less fluid flow restriction and starvation make it an ideal solution for spraying waterborne and clear coats

Scan this QR Code to see the Gunner Cup in Action!

## MIX

- Extensive range of paint company specified mixing ratios
- Eliminate need for additional mixing cups

Scan this QR Code to watch step-by-step instructions!

## STORE

- Flat lid available for easy stacking and storing.

No. DMK-621 - 24 oz. Cup/Filter Lid - 125 Micron Blue Filter  
48 Per Case
